Introduction to the Level I Student Portfolio

For the Teacher

The Level I Student Portfolio is an integral part of the Sonrisas Level I curriculum. You will use it to compile student work in order to assess progress and performance. Used in conjunction with the lessons in the Level I curriculum, the Student Portfolio will strengthen the development of your students’ language acquisition by giving them more practice with the language concepts for each lesson—helping them master the Learning Target.

Note: If you haven’t purchased individual copies of the portfolio for your students, we encourage you to have students get a three-ring binder or two-pocket folder in which they can put all of their work from the portfolio. You can photocopy the first page for students to use as a cover.

The Student Portfolio contains three different types of pages: Student Assessment pages, Portfolio Activity pages, and Home Report pages, each of which corresponds to a lesson in the curriculum. The Portfolio Activity pages are designed to be completed by students independently as the culmination of each lesson. You can either assign these activities as homework or students can complete them during class time. The Portfolio Activities can be used as formative assessments. You can read more about this in the Assessment section of the introduction in the curriculum book. The Home Report pages, which include suggestions for parents on how to enrich their child’s learning at home, can be photocopied and sent home so parents can see what their child is learning in Spanish class.

The Student Assessment pages are designed to be used as summative assessments for the lessons in Level I. They contain the Learning Target for each lesson, along with “I can” statements and a check box for each Performance Target in the lesson. These can be filled out either by you, by your students, or by both of you together.

For Students

Welcome to the Sonrisas Spanish Level I Student Portfolio! You will use this portfolio to do all the Portfolio Activities in Sonrisas Level I. Make sure you save all your work in this portfolio. You can show it to your teacher, parents, and friends so they can see how much you’re learning in Spanish class.

The directions for all the activities are in Spanish and English. We encourage you to read the directions in Spanish and use the directions in English to help you with more challenging vocabulary and phrases.

Have fun speaking, reading, and writing in Spanish to complete these activities! The work you’ll be doing to create your portfolio will help you become more proficient in the Spanish language, opening up a new world of fun and interesting experiences for you.
